Mi Amor

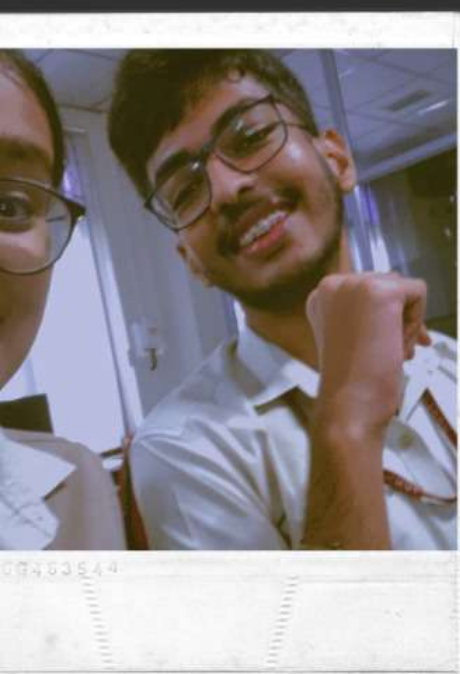

I still remember the first time we talked in class, how such a simple introduction slowly became the most beautiful part of my life. From sharing notes to sharing our deepest thoughts, I never realised how attached I would become to you. Days and nights passed with endless conversations, and somewhere between all those laughs and late-night talks, I fell in love with you without even noticing. Even after all the fights, tears, hugs, and kisses, one thing has always stayed the same no matter what happens, my heart always finds its way back to you.
